
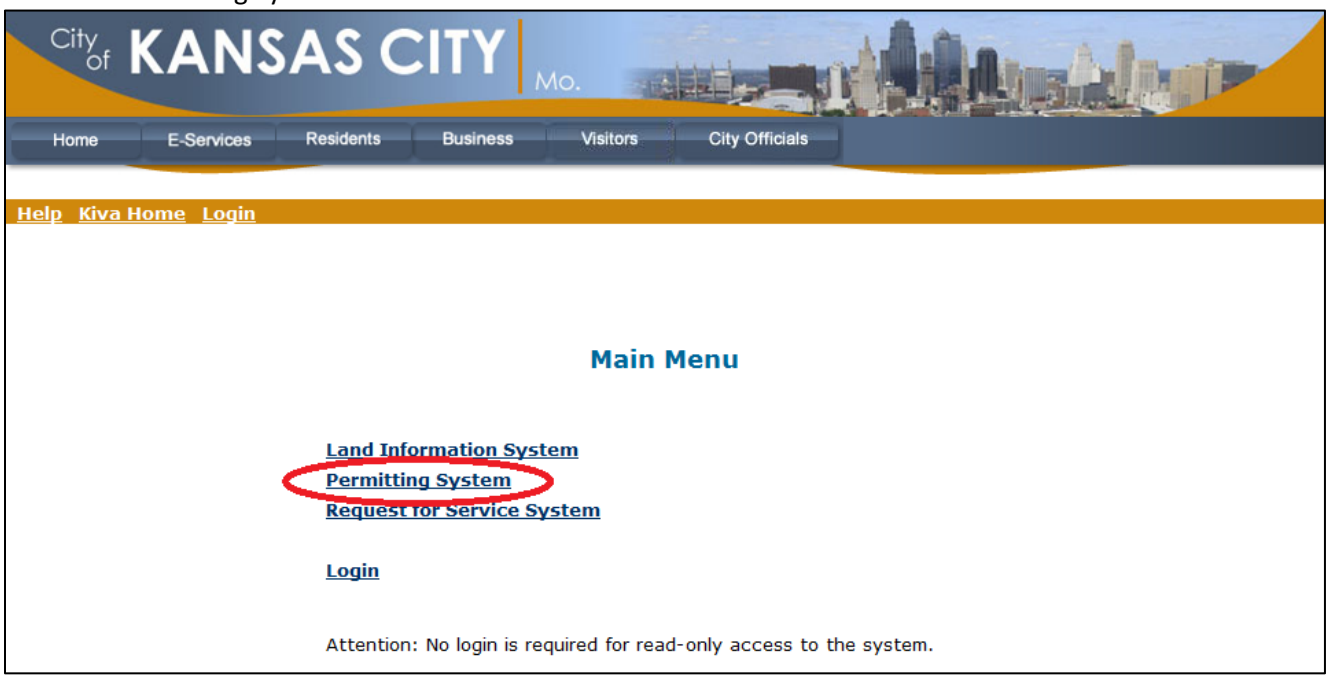
Web Access to Inspection Results

There are two ways of receiving the inspection results for any LDD inspections conducted.

1. An e-mail will be sent to the permittee/or their designee indicating the inspection results.
2. The inspection results will be available on KIVANET for viewing.

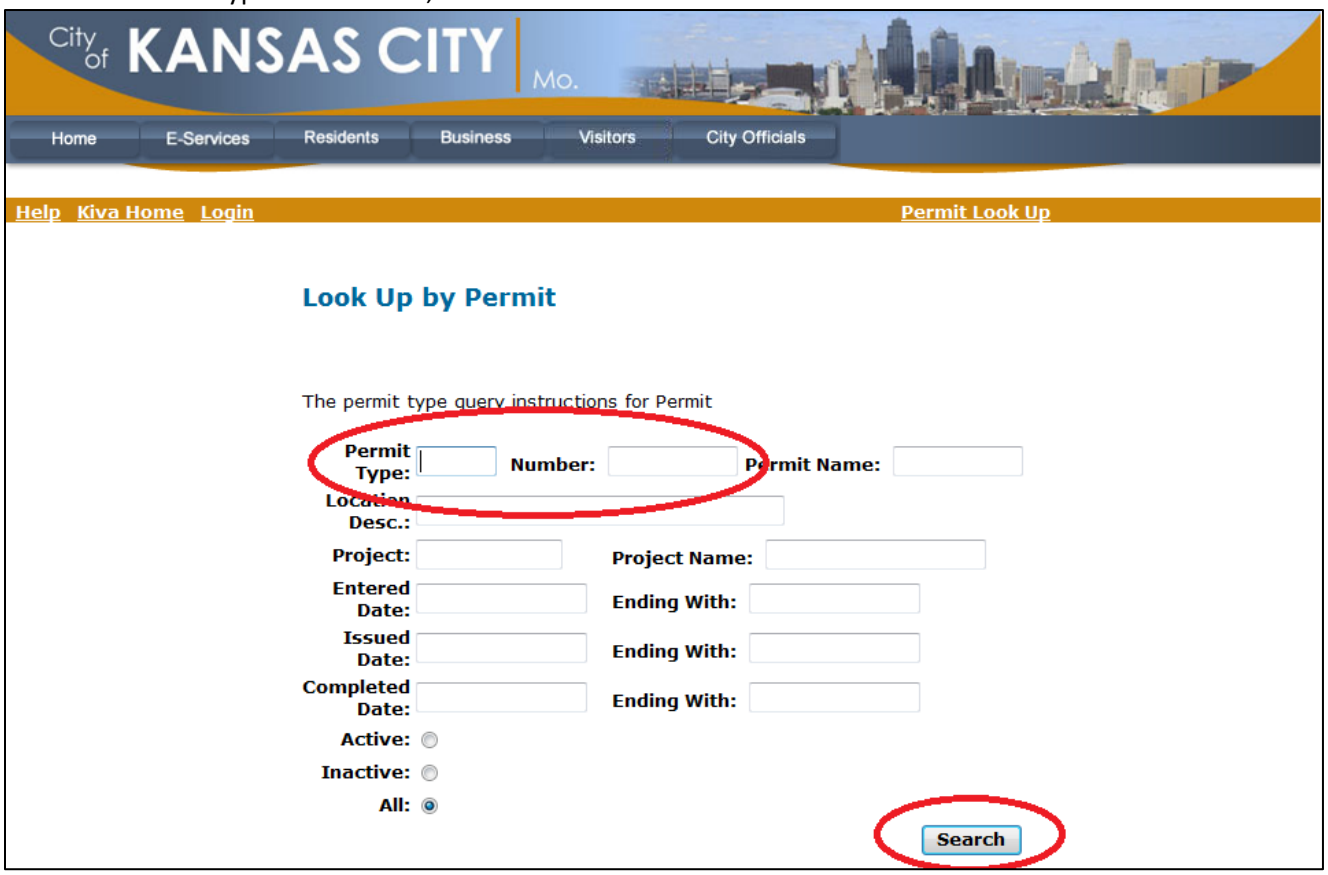
In order to access the inspection results on KIVANET, use the following procedure:

1. Click on the following link: http://kivaweb.kcmo.org/kivanet/2/index.cfm
2. Click the "Permitting System" Link



3. Click the "Permit Type and Number" Link

4. Enter the Permit Type and Number, then click search



5. Scroll down the "Permit Summary" to "Activities" and look for the newest "INSPECTION OF WORK" Activity with a Decision of "INSPRESULT" and click the "INSPECTION OF WORK" link
